

RINGO'S DIRTY DINER LTD

SUSTAINABILITY POLICY

Welcome to Ringo's: Where Every Bite Tells a Story!

At Ringo's, our passion for great food goes hand in hand with our commitment to community and the environment. Here's a heartfelt look into what makes Ringo's a haven for food lovers with a purpose:

Local Love Affair:

Our burgers are a symphony of Welsh flavors, a dedication to local businesses. Every bite supports the heartbeat of our community, sustaining it in more ways than one.

Takeaway with a Hug for the Planet:

Can't stay? No worries. Our takeaway containers are like a warm hug for your meal and a friendly nod to the environment. Biodegradable and practical, they let you enjoy your Ringo's favorites guilt-free.

Food Waste Warriors:

Wasting food? Not in our kitchen. Through our "Too Good to Go" program and partnerships with local charities, we ensure that every morsel finds its purpose, nourishing our community and beyond.

Plastic-Free & Proud:

Plastic has no place in our story. Thanks to our local partners, sustainable packaging is the name of the game. Enjoy your meal without leaving a mark on the planet—just the way it should be.

Recyclable Packaging for Pre-Packaged Foods:

Even the small details matter. Our pre-packaged foods are wrapped in recyclable materials, aligning with our commitment to sustainable practices.

Open to Improvement:

Your ideas fuel our journey. We welcome suggestions to enhance the sustainability of our business because at Ringo's, we believe in constant improvement for a brighter tomorrow.

Community Support Through Charitable Contributions:

Ringo's is not just a restaurant; it's a contributor to the community. A portion of every purchase goes to local charities addressing mental health, autism, drug addiction, and homelessness—because supporting these causes is ingrained in our family's story.

Join us at Ringo's, where every meal is a flavor-filled journey with a purpose. It's not just food; it's a celebration of community, sustainability, and the joy of making a positive impact.
